

ASTA/NJ Chamber Music Institute at Kean University

Our History

OUR HISTORY: In 2005, Mary Ann Mumm, Margaret Zufall Roberts, and Christopher Kenniff (yours truly) put our heads together around the idea of starting a summer music camp for students interested in developing their chamber music skills. With much support from Kean University (Dr. Anthony Scelba, in particular) we developed plans for ASTA CMI 2005. We had no idea how successful the event would be and were truly overwhelmed by the response from students and parents alike. This swell of enthusiasm and approval from students, parents, educators and audience members continued throughout CMI 2006, 2007, 2008 & 2009. As we look forward to ASTA CMI 2010 – our sixth consecutive year - we anticipate the best CMI yet. Please do take the time to peruse our website and please do contact me with any questions you might have about ASTA CMI 2010.

Sincerely,

Christopher Kenniff
